Dear Tony and Brenda,

We have been meaning for quite some time to express our appreciation for the fine artistry and hard work you both did on our concrete countertop. It truly is everything, and more, than we had hoped for in a countertop! Our ice cream area gets quite a workout throughout the year, and the counter has held up beautifully. True art with a purpose – a great combination!

Lastly, the outdoor furniture in our patio area continues to get raves from our guests. Thanks for contributing to the uniqueness of The Chocolate Ox. You are both so dedicated to providing great customer service and high quality products; we want you to know you are appreciated.

Our Best,

Robert and Lorieise Stoll
